**Subject: Abolition of check and balance system in the semester courses –
regarding.**

Sir/Madam,

As per the decision taken in the 30th meeting of the Examination Committee held on 03.10.2013, the system of check and balance in the semester courses has been withdrawn with immediate effect. Accordingly students who have not completed 1st and 2nd semester have been permitted to proceed to the higher modules i.e. 5th and 6th semester without any check being imposed. However, the maximum permissible period for the completion of the diploma is six years from the year of admission.

This may be brought to the notice of all concerned.

Registrar
